Bhaskar, S.	51	Pardeck, J.T.	137, 149
Diwedi, C.M.	19, 121		179, 191
Gouthamrao, N.	159	Plumber, G.R.	1
Gupta, P.	33	Praveenlal, K.	71
Innah, J.M.	71	Selvi, G.	87
Khattri, P.K.	33	Singh, S.B.	199
Kohli, A.	129	Sitholey, P.	121
Malhotra, S.	43	Srinivasan, T.	109
Murphy, J.W.	137	Srivastava, S.	87, 169
Naidu, G.M.	51	Srivastava, V.K.	121
Naik, U.K.	1	Tripathi, S.K.	121
Nigam, A.	199	Venkatramaiah, S.R.	63, 67
Pandey, K.	23	Verma, S.K.	129
Pandit, M.	1, 13	Vijayalakshmi, G.	1, 7

SUBJECT INDEX

Abuse		intelligence	29
child	191	non-asthmatic	199
drug	159	normal	19, 87
		school	51
Achievement		Clinic, child psychiatry	71
motivation	19	Clinical practice	137
scholastic	110	Conditioning	33
Adjustment		Consanguinity, parental	29
children	149	Deaf	
to adoption	149	children	87
Adolescents		students	110
autonomy	179	Delinquents	7
influence on	121	Delusions	121
Adoption, adjustment to	149	Development	
Alround development	23	alround	23
Anxiety	63, 67	of autonomy	179
Approach		of child	23
bibliotherapeutic	149	Differences in personality	199
treatment	191	Divergent thinking	110
Asthmatic children	199	Down's syndrome	19
Autonomy		Drugs	
adolescent	179	abuse	159
development of	179	awareness of	159
Awareness of drugs	159	of	159
Behaviour in childhood	169	Dumb students	110
Bibliotherapeutic approach	149	Early intervention	1
Birth order	33	Economic status	87
Boys, nursery school	13	Engineering students	159
Child		Environmental influence	23
abuse	191	Estimate of mothers	129
development	23	Expert systems	137
Child		Family	
intelligence of	129	system	179
psychiatry clinic	71	therapy	191
Childhood, behaviour in	169	Feeding	
Children		during infancy	169
adjustment	149	techniques of	169
asthmatic	199	Functions	
deaf	87	language	63
Down's syndrome	19	speech	67
influence on	121	Generosity in boys	13

Growth pattern	51	Risk, infant at	1
Handicapped, mentally	129	Scholastic achievement	110
Infant		School	
feeding	169	boys	13
at risk	1	children	51
Influence		Sex status	87
environmental	23	Sociocultural factors	121
of family system	179	Speech functions	67
on adolescent	121	Sri Kalahasti	51
on children	121	Stability over time	43
Intelligence		Status	
level	87	economic	87
of child	129	sex	87
of children	29	Students	
Intervention, early	1	deaf	110
Language functions	63	dumb	110
Level of intelligence	87	engineering	159
Mentally handicapped	129	of Osmania University	159
Motivation		Suggestibility	
in Down's syndrome children	19	in delinquents	7
in normal children	19	in non-delinquents	7
Non-delinquents	7	Systems	
Non-asthmatic	199	expert	137
Normal children etc	87	family	179
Nursery school boys	13	Techniques of feeding	169
